

CALL FOR ABSTRACTS

ANZGOG invites Abstracts of papers to be considered for oral/poster presentation at the *ANZGOG Annual Scientific Meeting 2017* to be held at Grand Hyatt, Melbourne, 29th March – 1st April 2017. Abstracts describing research results on all topics and areas related to gynaecological cancers are welcomed.

With submission of your Abstract you will assign the rights for it to be published on the ANZGOG member website. The paper submitted for review will be the final version for print. Please ensure your papers adhere to the guidelines stipulated.

All presenters must register to attend the conference. Acceptance of papers into the program is contingent upon receipt of the registration fee in full.

DEADLINE FOR SUBMISSION: 27th February 2017

ORAL PRESENTATION:

Applicants whose abstracts are chosen for oral presentation are expected to present in person on one of the conference days Thursday, 30 March, Friday 31st March or Saturday 1st April at the Grand Hyatt in Melbourne. The successful applicant will be advised of date upon acceptance and full registration and is subject to finalisation of the program by the Program Committee.

POSTER PRESENTATION:

Abstracts chosen for poster presentation will be displayed for the duration of the ASM. Set up of poster presentation is to take place on the afternoon of Wednesday, 29th March with dismantling to occur on the morning of Saturday, 1st April.

The selection committee may determine that an Abstract submitted is for oral presentation, poster presentation or does not meet the selection criteria.

ABSTRACT SUBMISSION GUIDELINES

- Abstracts may be for any type of research in gynaecological oncology.
- Full name of author/s should be included. Name of presenter of the Abstract at the conference should be noted.
- All abstracts must be submitted online.
- The body of the Abstract is limited to 500 words (including headings).
- Abstracts should contain the following content sections: Background, Objectives, Methods (including type of data collected), Results and Conclusions.
- All Abstracts are to be complete at time of final submission, including all data results, if any.
- There is no limit on the number of Abstracts an author may submit.
